The Royal Miskitu Government In-Exile

November 17th, 2014

To: H.E. Mr. Daniele D. Bodini, Ambassador
U.N. Permanent Mission of the Republic of San Marino
327 East 50th Street
New York, N.Y. 10022
E-mail: sanmarinoun@hotmail.com

Dear Ambassador Daniele D. Bodini:

The Miskitu nation seeks San Marino's specific sponsorship towards securing a United Nations Decolonization Referendum for our people, as we wish to exercise our international right to exist as a nation among nations in a peaceful process. We base our request on the loss of the Caribbean's historic "Monroe Doctrine" protection that was afforded by the United States and the expansion of radical international repressive ideologies that are now subjugating our people. We need your nation's help.

Recently, Nicaragua has threatened Costa Rica under the new Nicaragua-Chinese alliance. This alliance chooses to partition our territories again, as well as indoctrinate our children about its international theme to secure power by force, as well as undermine America's southern defenses.

This last year, we followed the very same procedures as Timor-Este by directly appealing to the Secretary General, The Honorable Ban Ki-moon, the Special Committee on Decolonization, and Mr. Diego Morejon-Pazmino, Chairman, Decolonization Unit, from the Department of Political Affairs with "tens of thousands" of attached Miskitu petitioner signatures, and with notice to over ninety nations of our intentions to invoke this peaceful process, yet, to no avail nor with acknowledgment or recognition of our petitioner's request. This omission is unacceptable to our Miskitu people.

Our Miskitu Council of Elders has warned us that without our Miskitu participation in this peaceful process, there is a great and imminent international crisis that's destabilizing our region and leading us on a path toward disastrous upheaval and/or war. Our peoples have endured the unendurable from genocide, torture, forced indoctrinations, relocations, and starvation, with continual partitioning of our native homeland, and our natural resources stolen before our very eyes. Without some kind of intervention by the United States, in order to stop international intrusions into our territory, we feel that the American "Monroe Doctrine" no longer exists. as well as destabilizes America's southern defenses.

Our request for sponsorship into the United Nation's Decolonization Referendum Process is hereby respectfully submitted, under the Seal of the Royal Miskitu Government In-Exile, and on behalf of the Miskitu peoples, as sewn to, this 17th day of November 2014.

Dear Ambassador David Daroll Tommy:

The Miskitu nation seeks the Gambia's specific sponsorship towards securing a United Nations Decolonization Referendum for our people, as we wish to exercise our international right to exist as a nation among nations in a peaceful process. We base our request on the loss of the Caribbean's historic "Monroe Doctrine" protection that was afforded by the United States and the expansion of radical international repressive ideologies that are now subjugating our people. We need your nation's help.

Recently, Nicaragua has threatened Costa Rica under the new Nicaragua-Chinese alliance. This alliance chooses to partition our territories again, as well as indoctrinate our children about its international theme to secure power by force, as well as undermine America's southern defenses.

This last year, we followed the very same procedures as Timor-Este by directly appealing to the Secretary General, The Honorable Ban Ki-moon, the Special Committee on Decolonization, and Mr. Diego Morejon-Pazmino, Chairman, Decolonization Unit, from the Department of Political Affairs with "tens of thousands" of attached Miskitu petitioner signatures, and with notice to over ninety nations of our intentions to invoke this peaceful process, yet, to no avail nor with acknowledgment or recognition of our petitioner's request. This omission is unacceptable to our Miskitu people.

Our Miskitu Council of Elders has warned us that without our Miskitu participation in this peaceful process, there is a great and imminent international crisis that's destabilizing our region and leading us on a path toward disastrous upheaval and/or war. Our peoples have endured the unendurable from genocide, torture, forced indoctrinations, relocations, and starvation, with continual partitioning of our native homeland, and our natural resources stolen before our very eyes. Without some kind of intervention by the United States, in order to stop international intrusions into our territory, we feel that the American "Monroe Doctrine" no longer exists as well as destabilizes America's southern defenses.

Our request for sponsorship into the United Nation's Decolonization Referendum Process is hereby respectfully submitted, under the Seal of the Royal Miskitu Government In-Exile, and on behalf of the Miskitu peoples, as sewn to, this 17th day of November 2014.

Dear Ambassador Marie-Louise Potter:

The Miskitu nation seeks the Seychelles' specific sponsorship towards securing a United Nations Decolonization Referendum for our people, as we wish to exercise our international right to exist as a nation among nations in a peaceful process. We base our request on the loss of the Caribbean's historic "Monroe Doctrine" protection that was afforded by the United States and the expansion of radical international oppressive ideologies that are now subjugating our people. We need your nation's help.

Recently, Nicaragua has threatened Costa Rica under the new Nicaragua-Chinese alliance. This alliance chooses to partition our territories again, as well as indoctrinate our children about its international theme to secure power by force, as well as undermine America's southern defenses.

This last year, we followed the very same procedures as Timor-Este by directly appealing to the Secretary General, The Honorable Ban Ki-moon, the Special Committee on Decolonization, and Mr. Diego Morejon-Pazmino, Chairman, Decolonization Unit, from the Department of Political Affairs with "tens of thousands" of attached Miskitu petitioner signatures, and with notice to over ninety nations of our intentions to invoke this peaceful process, yet, to no avail nor with acknowledgment or recognition of our petitioner's request. This omission is unacceptable to our Miskitu people.

Our Miskitu Council of Elders has warned us that without our Miskitu participation in this peaceful process, there is a great and imminent international crisis that's destabilizing our region and leading us on a path toward disastrous upheaval and/or war. Our peoples have endured the unendurable from genocide, torture, forced indoctrinations, relocations, and starvation, with continual partitioning of our native homeland, and our natural resources stolen before our very eyes. Without some kind of intervention by the United States, in order to stop China's new quests, we feel that the American "Monroe Doctrine" no longer exists to stop this totalitarianism and oppression.

Our request for sponsorship into the United Nation's Decolonization Referendum Process is hereby respectfully submitted, under the Seal of the Royal Miskitu Government In-Exile, and on behalf of the Miskitu peoples, as sewn to, this 17th day of November 2014.
